## MT. GRENA AFTER MANEUVER CAMP

Captain Wells, who Inspected Gettysburg Two Years Ago, Visits Mount Grenna. Lack of Activity Here. No One to Take Hold.

Dispatches from Mount Grenna tell of the visit to that point of Captain B. C. Wells, of Governor's Island, New York, relative to the coming maneuver camp of regulars and militia this summer.

The dispatches tell still further of the general desirability claimed for Mount Grenna over other points where encampments of this nature have been held—owing to the topography of maneuvering grounds, sanitation and so on.

Gettysburg people active in securing this encampment in 1910 state that they are unwilling to spend considerable sums of their own money in another effort to secure what is perhaps the most profitable event the town has ever had—from a pecuniary standpoint. There is no organization to take up the matter, the Retail Merchants' Association having passed out of existence and as a result it seems that no individual or concerted action of any force to secure the encampment is in view.

That Mount Grenna is superior to Gettysburg as an encampment site has always been claimed by the former's adherents and never believed by citizens of this place. The officers here in 1910 were delighted with the maneuvering grounds and those in charge of the sanitary matters were equally pleased. Gettysburg as a result, should have fully as good a chance, with reasonable efforts as the other Pennsylvania point.

It will be recalled that several trips to Washington and Governor's Island were necessary before Gettysburg secured the 1910 encampment. Strenuous work of various kinds had to be prosecuted before the desired result was attained. The railroads—especially the Western Maryland—helped along the plan and after a visit by Captain Wells to this place and his entertainment here by a large committee of local citizens who took the visitors over the grounds in a number of automobiles Gettysburg's advantages were so well demonstrated that it won over Mount Grenna, Mountain Lake Park, Westminster and other points.

Such successful efforts he made to secure another trip of Captain Wells to Gettysburg it would mean much towards securing this summer's camp of instruction.

## WASHINGTON'S BIRTHDAY PARTY

On Washington's birthday a very sociable evening was spent at the home of Mr. and Mrs. J. E. Jacobs, of Cumberland township, by quite a number of friends and neighbors of the community. During the evening refreshments were served. The guests were, J. E. Jacobs and family, W. S. Jacobs and family, Allen Barnes and family, D. B. Gouker and family, Jacob E. Sharetts and wife, John F. Sharetts and wife, Miss Mable Bollinger and a gentleman boarding at W. S. Jacobs.

## INSPECTIONS TO COMMENCE SOON

County Apple Orchards to be Inspected by State Experts Early in March. Value of Work Demonstrated by State Officials.

Inspection of the model orchards in Adams County will be resumed in two weeks under the direction of Dr. H. A. Surface, State Economic Zoologist. On March 11 there will be an inspection at the orchard of L. D. Mickley, Cashtown, and on March 13 at the orchard of Daniel C. Jacobs, Gettysburg. R. D. No dates have been announced for the other model orchards in this county.

An added income of \$300,000 to the orchard owners of the state is the estimate the State Department of Agriculture makes in its annual report for 1911 in referring to the work of the inspectors of the model orchards in Pennsylvania. The inspection and supervision of over 75 orchards was conducted by the division of economic zoology and reports from all parts of the state showed last year the crops in these orchards to be not only large but the fruit to be exceptionally well formed.

The advantage of scientific management over the old time methods of fruit growing are pointed out. The report says that this treatment further indicates that the improvement thus received by bearing trees also gives a constant increase in the valuation of young trees; but this added valuation is not included. Thus from a total of a list of 75 orchards under the supervision of the department the report shows that the orchard owners made expenditures on their trees of \$3971.24 and in turn received \$32,199.35 with an added income throughout the state of \$30,000. After a thorough investigation the whole fruit tree situation the report concludes:

"We, therefore, make the comprehensive statement, without fear of contradiction, that all bearing orchards in this state, not actually infected with incurable disease nor located on absolutely the most unfavorable sites, with proper treatment can be made the most profitable areas on the farm."

The report also says: "Growing weeds rob the soil of plant food and moisture, thus increasing the effects of drought at a time when the tree stands in the greatest need of water. Their presence, therefore, although extenuated by some on the ground of supplying much for the soil, hodes no good, and the orchardist can well afford to make an earnest effort to destroy them at this season, or at any time before the ground is covered with snow."

## HAD LONG FALL THROUGH TRESTLE

Tramp who Visits this Section Twice a Year Falls through Trestle on Western Maryland Near Chambersburg. Was Badly Hurt.

Steven Noonan, a tramp who is well known in this section, almost met his death Friday night at Horst's trestle on the Western Maryland Railroad, a short distance north of Chambersburg.

While he was walking over the trestle about 11 o'clock, Friday night, he fell through it, to the ground, a distance of 25 feet. He was badly injured and was rendered unconscious by his big fall and lay there until 10 o'clock, Saturday morning, when some passer-by discovered him.

He was still unconscious when found and the ambulance was summoned and he was removed to the hospital. An examination there showed that his hip was probably broken, his face was cut and a number of his teeth knocked out. His condition is serious.

Noonan has been tramping through this section for some time. He is from a northern state but each year makes a pilgrimage or two through this section.

He was probably making his way back north.

He has disposed of nearly his whole stock.

During December and January he made many shipments to the South and also sent several carloads to Copenhagen, Denmark. The ones sent there were intended to be sold on street stands so by this time the Dutch are eating this county's fruit.

## TO REMOVE PART OF POWER DAM

Sometime before August 1 next that section of the York Haven power dam that extends between the eastern shore of the Susquehanna river and Duffy's Island, nearly one mile in length, will have to be removed. This has been ordered by Judge S. J. McCatroll, of the Dauphin county court.

The decision of Judge McCatroll means that about 5,000 feet of walls and levees of the finest construction in the state must be taken away. Action had been brought against the York Haven Water and Power Company by John B. Ryder, who owns Duffy's Island. Mr. Ryder alleged that the construction of the eastern extension of the dam made the island unfit for the raising of crops. The stream that had heretofore irrigated the island was dried up and many pools of stagnant water formed.

## POLICE USE CLUBS IN LAWRENCE RIOT

### Officials Give Children Back to Parents.

Lawrence, Mass., Feb. 26.—The mill workers' strike, now in its seventh week, was marked by a recurrence of the riotous scenes of Saturday. The disturbances, however, were not connected with the exportation of children.

Police officers were forced to use their clubs on a crowd of strike sympathizers who had thrown stones at them, following some arrests. So far a sit can be learned no heads were broken. A small number of infantrymen and a troop of cavalry were sent to the scene and were kept busy for some time dispersing the crowd which, however, offered no active resistance to the soldiers.

The city officials gave back to the parents most of the children who were taken in charge as they were about to be placed on a train en route for Philadelphia. The children had passed the night at the poor farm.

The parents of these children will be called into court to answer charges of child neglect. Leaders of the Industrial Workers of the World said that another attempt will be made to send the children to homes, which have been found for them in other cities, principally Philadelphia. The leaders maintain that the authorities overstepped their rights in preventing the children's departure.

Up to the present time more than 300 children have been sent out of the city under the direction of Industrial Workers of the World leaders.

### DISASTER IN MEN'S COOKING

Church Supper Makes Sixteen Persons Ill, Eight Near Death.

Newark, N. J., Feb. 26.—Sixteen persons, men and women, who were guests at a turkey dinner given last Thursday night by the Men's League of the Belleville Reformed Church, are suffering from ptomaine poisoning. Eight narrowly escaped death. The supper was given in the church parlors and men members of the church were the cooks. About 250 persons were present.

At first it was believed that canned plum-pudding caused the illness, but investigation shows that some of the sons stricken had not partaken of the pudding. All had eaten of the turkey, however. Of the eight persons most seriously affected four are in a critical condition, but probably will recover.

Confesses to \$57,500 Lifer Theft.  
Salem, Ore., Feb. 26.—A convict in the state penitentiary here has confessed to participation in the robbery of the strong room of the steamship Humboldt in September, 1910, in which \$57,500 in gold bullion was stolen. Through his confession twenty-five pounds of the bullion has been found.

Chicago Skyscraper Settles.  
Chicago, Feb. 26.—The Masonry Temple, one of the highest buildings in the city, is reported to have sagged eight inches in the last six months. The tenants are said to fear for their safety whenever a high wind is blowing.

## ONE SHOT MAY START A WAR

### Taft Warns Mexico to Respect Neutral Zone.

### READY TO SHELL JAUREZ

Killing of Americans by Stray Bullets Will Not Again Be Tolerated—U. S. Troops May Cross Rio Grande.

Washington, Feb. 26.—If General Orozco attacks Juarez, as he now threatens to do, and if his troops or the federal garrison opposing him fires into El Paso, the troops on the American side of the line will cross the Rio Grande river and drive the belligerents beyond the danger zone.

It has been learned that the additional movement of troops to El Paso was ordered to that city for that purpose, and orders have been given them to protect the thousands of American citizens in El Paso by whatever course may be necessary.

On no other condition, however, will the order to invade be issued. There must be the gravest provocation, and even if this provocation is given the troops are to do no more than press the Mexicans far enough away from the border to prevent injury to the interests on this side of the line.

It is a significant fact that in orders issued by the war department two batteries of artillery were sent to El Paso. This is the first time that artillery has played any part in the troubles with Mexico. It shows that the administration means business at last, and any repetition of the Douglas affair will result in intervention or invasion or anything else that it may be called.

It is also known that a note has been sent to the Mexican authorities at Mexico City warning them that any firing into El Paso or into any other American town on the border would be regarded as a hostile act toward the United States, and that the American troops would go into Mexico.

This note was sent to President Madero through Ambassador Wilson. After it had been dispatched President Taft sent for three or four members of the senate committee on foreign affairs and told them the exact situation. He told them that the lives and property of foreigners in Mexico no longer was safe; that riot and rebellion prevailed in almost every part of the republic, and that now thousands of American citizens on American soil were again threatened by the proposed attack on Juarez.

When it seemed evident to the president and his advisers, Mr. Taft told the senators, that any assault upon Juarez meant that El Paso, too, would be shelled, he had not only ordered another regiment of infantry to the Rio Grande, but that he had directed that two batteries of field artillery be sent as well.

This artillery will be planted in a position to sweep the streets of Juarez, first from the American side of the river and afterward from the Mexican side. The rebels, as well as the federal garrison, will be warned by Colonel Steever that no fighting must take place within range of the guns, else the city will be shelled.

### WILL BLOCK GOVERNOR DIX

Tammany's Spokesman Says Bissell and Riggs Will Not Be Confirmed.

Albany, N. Y., Feb. 26.—Spokesman Robert P. Wagner, Tammany's spokesman in the upper house, said that neither Edward P. Bissell of Brooklyn nor Herbert P. Bissell of Buffalo, whom Governor Dix has nominated for public service commissioners, would be confirmed by the senate.

Mr. Riggs is opposed by Tammany and its Brooklyn allies, and the Erie county organization has the assurance of Tammany's support in its opposition to Mr. Bissell.

"There seems to be two reasons advanced against me," Mr. Bissell said. "One is that there are judgements against me in Erie county. A statement from the county clerk will disprove that. The other is that I acted as attorney for the Economic power company. That is true, but I cannot see why I did not have a right to do that."

### Roosevelt Bust Chipped.

Washington, Feb. 26.—An accident to a pedestal bearing the bust of Theodore Roosevelt in the senate corridor started a story about the capitol that the former president had been the target for vandalism. It developed, however, that a janitor had accidentally chipped a piece out of it. The piece bore the letters "E O" of "Theo." and it will be replaced.

Frozen to Death in the Woods.  
Baltimore, Md., Feb. 26.—Frozen stiff and lying where the drifting snow and brush had concealed it for at least a month, the body of Daniel Hines, a white man, was found in an isolated spot in the woods near Gwynn's Falls park. It is believed the man fell from a log, became wedged between the trunks and was frozen to death.

J. Willard Morgan Is Dead.  
Philadelphia, Feb. 26.—J. Willard Morgan, former state comptroller of New Jersey, and a former United States commissioner in Camden, died at his home in Camden of a complication of diseases.

## STARVING TO BE AN ANGEL

Woman Desires to Go About Feeding the Hungry.

Morristown, N. J., Feb. 26.—Anna Gesspalla, the Paterson girl confined in the state insane asylum at Morris Plains, who believed she was fed daily by angels, has had a change in her mind.

She is now starving herself to death. Asserting that an angel comes to her every morning at 4 o'clock and feeds her, she now desires to be an angel and go about the world feeding the hungry.

The woman gained notoriety for herself by going for days without any food. Her meals were left near her, and she would nibble at the food when there was no one near.

At late the woman has consented to eat when other patients offered her food, but would touch nothing from the hands of the physicians or attendants. Only a little food passes her mouth, despite the efforts of the hospital authorities. They believe the woman intends to starve herself to death.

### STUDIED LAW TWO WEEKS

Alleged Kidnapper Dismisses Legal Advisers and Handles Own Case.

Tacoma, Wash., Feb. 26.—After he had studied law in his cell for two weeks, Horace Greely Herold, under sentence to serve five years for kidnapping his infant daughter, dismissed all his legal advisers and took the case into his own hands.

Herold mailed to the state supreme court a petition for a writ of habeas corpus that bristles with legal technicalities cited to show that he is unlawfully deprived of his liberty. Lawyers are amazed by the legal knowledge shown in the document.

## CIRCULATED \$3000 IN BOGUS MONEY

### Man and Woman Passed Counterfeit in Allentown.

Allentown, Pa., Feb. 26.—Between \$2000 and \$3000 in counterfeit \$5 bills is believed to have been circulated in this city by a pair of clever swindlers, according to the statements made by the police.

Conductors of the Lehigh Valley Transit company also took in fifty-two of the bogus bills, the counterfeiters being discovered when the cashier counted the money. The rest of the bills were passed among merchants, who accepted them in the payment of small purchases, rarely exceeding 25 cents in each case.

The swindlers, the police say, were a man and an attractively dressed young woman, who came from Bethlehem, one working one side of the city's main business street, the other the other side. Secret service men have been summoned.

### WEDDED A MONTH; DIES

Rich Man, 74, Suddenly Passes Away and Girl Bride Is Seriously Ill.

New York, Feb. 26.—The honeymoon of Elijah Marshall Allen, the rubber trader, and his nineteen-year-old bride ended with the aged man's death at St. Vincent's Hospital.

His girl-wife, who was Mattie Laura Walker, a vivacious brunette in comic opera, is reported to be near death from pneumonia, under the care of her mother in an uptown apartment. She was too seriously ill to be told of her husband's death.

The wedding at South Norwalk, Conn., on Jan. 19 last was one of elaborate festivities with a gay round of dancing which the old millionaire proudly led with boast of his excellent health.

Allen's girl bride is a distant relative of President Taft, whose wedding present was a gold table set. It has been reported that by a recent will the old millionaire made his young bride heiress to half of his estate, and Mrs. Daniel Cooke, Allen's daughter, heiress to the other half.

## T. R. WILL ACCEPT IF NOMINATED

Promises Not to Withdraw Before Convention.

### HIS REPLY TO GOVERNORS

**Mr. Roosevelt Declares For Rule of People, and Direct Primaries, Express Preference as to Who Republicans Shall Nominate For President.**

New York, Feb. 26.—"I will accept the nomination for president if it is tendered me, and I will adhere to this decision until the convention has expressed its preference."

This is Mr. Roosevelt's reply to the letter he received from the following governors: William E. Glasscock, of West Virginia; Chester H. Aldrich, of Nebraska; Robert Bass, of New Hampshire; Joseph M. Carey, of Wyoming; Charles E. S. Osborn, of Michigan; W. R. Stubbs, of Kansas, and Herbert S. Hadley, of Missouri.

**Mr. Roosevelt's Statement.**  
Roosevelt's reply to the letter from the governors:

"New York, Feb. 24, 1912.  
"Gentlemen—I deeply appreciate your letter and I realize to the full the heavy responsibility it puts upon me, expressing as it does the carefully considered convictions of the men elected by popular vote to stand as the heads of government in their several states.

"I absolutely agree with you that this matter is not one to be decided with any reference to the personal preferences or interests of any man, but purely from the standpoint of the interests of the people as a whole. I will accept the nomination for president if it is tendered to me, and I will adhere to this decision until the convention has expressed its preference. One of the chief principles for which I have stood, and for which I have endeavored and always shall endeavor to reduce to action, is the genuine rule of the people; and therefore I hope that so far as possible the people may be given the chance, through direct primaries, to express their preference as to who shall be the nominee of the Republican presidential convention.

"Very truly yours,  
"THEODORE ROOSEVELT."

**Governors' Letter to Roosevelt.**  
The following is the letter to Mr. Roosevelt from the governors:

"Chicago, Feb. 19, 1912.  
"We, the undersigned Republican governors, assembled for the purpose of considering what will best insure the continuance of the Republican party as a useful agency of good government, declare it our belief, after a careful investigation of the facts, that a large majority of the Republican voters of the country favor your nomination, and a large majority of the people favor your election, as the next president of the United States.

"We believe that your candidacy will insure success in the next campaign. We believe that you represent, as no other man represents, those principles and policies upon which we must appeal for a majority of the votes of the American people, and which, in our opinion, are necessary for the happiness and prosperity of the country.

"We believe that in view of this public demand you should soon declare whether, if the nomination for the presidency came to you unsolicited and unsought, you will accept it.

"In submitting this request we are not considering your personal interests. We do not regard it as proper to consider either the interests or the preference of any man as regards the nomination for the presidency. We are expressing our sincere belief and judgment as to what is demanded of you in the interest of the people as a whole. And we feel that you would be unresponsive to a plain public duty if you should decline to accept the nomination, coming as the voluntary expression of the wishes of a majority of the Republican voters of the United States, through the action of their delegates in the next national convention.

"Yours truly,  
"WILLIAM GLASSCOCK,  
"CHESTER H. ALDRICH,  
"ROBERT B. BASS,  
"JOSEPH M. CAREY,  
"CHARLES E. OSBORN,  
"W. R. STUBBS,  
"HERBERT S. HADLEY.

**Select Name For Chinese Republic.**

## MINE WAGE MEETING OPENS TODAY

Will Ask Operators For Advance of 20 Per Cent.

New York, Feb. 26.—For the purpose of agreeing on demands to be presented to the coal operators, officers and members of the executive board of the anthracite districts of the United Mine Workers of America will hold a preliminary conference in the Hotel Victoria today. The present agreement with the coal operators expires April 1.

It is expected that the mine workers will ask for an advance of 20 per cent. in the rate of wages for all mine employees, with eight hours a day for all inside and outside day labor, with no reduction in the rate of wages. Recognition of the United Mine Workers of America in Districts 1, 7, and 9, as a party to negotiate a wage contract, will be demanded.

Three district presidents have arrived in New York. They are Thomas Kennedy, president of District No. 7, of Hazelton, Pa.; John Fahey, president of District No. 9, of Shamokin, Pa.; and John Dempsey, president of District No. 1, of Scranton, Pa.

**Eight Hours for Mine Engineers.**  
Wilkes-Barre, Pa., Feb. 26.—The Eight-Hour law for mine stationary engineers went into effect at the many collieries of the Lackawanna company. It is believed that the other companies will follow the same action. After the legislature passed the law there was some doubt as to whether the coal companies would carry it out.

## DEMAND \$50,000 DAMAGES

**Explosion of Oil Can Caused Death of Two Girls.**

Easton, Md., Feb. 26.—As a result of the death last Saturday of Miss Dorothy Saunders, the daughter of Thomas M. Saunders, and Miss Josephine Wherrett, daughter of William J. Wherrett, by the explosion of a can supposed to contain coal oil at the home of Mr. Wherrett, at Windy Hill, Talbot county, a suit has been entered in the circuit court for \$50,000, each one claiming \$25,000 damages for the death of his daughter, against the Texas Oil company.

It is alleged by the plaintiffs that the man who drives the oil wagon in Talbot county sold Wherrett what was supposed to be kerosene oil, but which the plaintiffs declare contained a large percentage of gasoline. On this ground they have brought suit.

**Only Olive Oil Can Bear "Sweet" Label**  
Washington, Feb. 26.—Olive oil alone may be sold under label "sweet oil," the board of food and drug inspection, headed by Dr. H. W. Wiley, has decreed. Hereafter mixtures of cottonseed oil and olive oil thus sold will be considered by the government as misbranded. Cottonseed oil bearing the label "sweet oil" and elsewhere on the label describing the true character of the oil will not be permitted by the pure food board.

## A Way Open

Many a Gettysburg Reader Knows It Well.

There is a way one to convince the greatest skeptic. Scores of Gettysburg people have made it possible. The public statement of their experience is proof the like of which has never been produced before in Gettysburg. Read this case of it given by a citizen:

Mrs. C. W. Culp, 428 S. Washington street, Gettysburg, Pa., says: "I have still greater faith in Doan's Kidney pills today than when I publicly recommended them two years ago. I found them to be an excellent kidney medicine. A member of my family had kidney trouble, as the result of an attack of the measles. Backache caused much suffering and there were pains in the side which made lifting an impossibility. The kidney secretions were also unnatural. Doan's Kidney Pills were finally procured at the People's Drug Store and their use was followed by great relief. I advise anyone afflicted with kidney complaint to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cts Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
